

NSIM Content Submission Form

Introduction

This NSIM Content Submission Form is designed to gather metadata about the content you submit. This will assist NSIM Website personnel in presenting your content accurately, appropriately and meaningfully, and will assist in searching for relevant information.

Metadata

Please replace text in the Value column below with the appropriate information.

Fields	Values
1. Title of Product	Provide title of product or report.
2. Summary	Provide summary text that can be used to provide an introduction and link to your content. This may require only several lines of text.
3. Originator	Provide the originating jurisdiction and agency of the content.
4. Date	Provide the date of the product or report.
5. Location	Provide the intended location where you'd like the content to be made available. <input type="checkbox"/> NSIM Webpage for public access <input type="checkbox"/> NSIM Quickplace for member access
6. Metadata	Provide any specific metadata fields you think are important. Other fields may be attached to assist consistent searching. A reference number may be supplied here.

Classification

The **NSIM Webpage** for public access and the **NSIM Quickplace** for member access can only contain unclassified information.

Releasability

I confirm that content has been approved for release by the originating agency.

Submission

Please send this form by email with the relevant content attached to NSIMSecretariat@ag.gov.au and use the words '**New Website Content**' in the subject line. You will be informed when your content has been placed on the website.
